

# Placement Experience with Trianz Digital

## Interviewee 1:

**Eligibility** - 60% throughout academic career

### **Online Assessment -**

OA will be conducted on a secured browser named as MSB. OA duration was 2.5 hours which has almost 100 questions including different sections on English, aptitude, reasoning, core subjects and 3 coding questions of medium level.

### **Company's PPT -**

Only shortlisted candidates were required to attain the company's PPT with proper engagement. It was a must to make PPT as interactive as possible. For this I searched and learnt about Trianz digital, what this company does, different products provided by the company and how they work.

### **Technical interview -**

It was an online interview conducted on Microsoft teams. Most of the questions were asked from OOPS, DBMS and Core Java. As I had completed my internship as a react developer, interviewer also asked me about my intern work, how I managed to work under deadlines etc, He also asked some css properties. It was about half hour interview.

### **HR round -**

In this round I was asked questions from my internship work as I also led the team of 6 interns in my internship. Some common HR questions were asked. HR also focused on my work in CodeCats society.
